

## ASHG 2020 Abstract Reviewers

ASHG gratefully acknowledges the expertise, hard work and dedication of the 2020 abstract reviewers. The Society's commitment to transparency and diversity is reflected by the group of 116 reviewers representing 5 continents, 9 countries and 71 unique organizations. Additionally, representation is equitably divided between self-identified female:male (61:53, and 2 unidentified); with ethnic diversity reflecting the following self-identification: African American or African, 3; Asian: 8; European: 66; Hispanic or Latino: 4; Other or not identified: 35.
