How it Works

The Career Fair will be [hosted on Remo.co](#), a virtual platform that supports video/audio conversations in tables ranging from private one-on-one conversations/interviews to six-person discussions.

ASHG will host demos with exhibiting companies and provide educational materials so you are familiar with Remo and have a great experience the day of the Career Fair.

You must purchase at least one job listing at ASHG's Career Center that overlaps with the day of the Career Fair. All exhibitors will receive a discounted rate usually reserved for members. Exhibits management will send a promotional code and directions.

All Career Fair recruiters/companies will receive:

- Contact list of Career Fair registrants (name, email, degrees held, areas of interest, city/state/country).

- Discount rate for Career Center job postings – in order to participate in the Career Fair, you must have at least one job posting in the ASHG Career Center that overlaps with Career Fair dates (Feb 1-28 suggested dates).
- General table with whiteboard to house general information such as company/institute information and culture, job listings, etc.
- Two (2) one-on-one interview tables – ASHG suggests employers use Calend.ly as a free tool to schedule interviews or information sessions during the career fair.

There are two levels available:
